Using the accounts of early European explorers, colonists and farmers, Bruce Pascoe compellingly argues for a reconsideration of the hunter-gatherer label for pre-colonial Aboriginal Australians. He allows the reader

to see Australia as it was before Europeans arrived - a land of cultivated farming areas, productive fisheries, permanent homes, and an understanding of the environment and its natural resources that supported thriving villages across the continent. Ages 10+, Paperback, 80 pages, 240x240mm
